subject:- Hoshiarpur Drainage scheme for Town

As was urged for having a drainage System for the Hoshiarpur Town, an estimate was got prepared by the Local Bureau of Sanitary Engineering, which was corrected to Rs 96,290 by the Chief Engr for Pbs + Bldgs. The estimate was considered by the Municipal Council who have agreed to meet half the cost of the estimate, and have requested the Govt to meet the other half from out of the Town Improvement Grants. They have also asked for sanction a loan equal to half the share of the cost, to meet their share of the cost, repayable in 10 annual instalments at Rs 5000 each. The mcl expect to repay the loan out of the increased income anticipated under (1) Revision of tax on buildings & lands (Rs 5000), (2) Revision of Shop tax (Rs 1000), (3) octroi & toll (Rs 5000) & (4) Miscellaneous taxes such as license fee under dangerous & offensive trades (Rs 6000) amounting in all to Rs 17,000 per year. The D C Kasauli

?

The Financial Secretary who was consulted is agreeable to the grant of the loan asked for.

The Points for consideration and orders are:

1) sanction to the estimate for Rs 96,290 for the drainage scheme for the Holenarasipur Town Municipality, the cost being met by the Govern-

Government and the Municipality in equal proportions i.e., Rs 48,145 each, the Government share of the expenditure being met out of the Town Improvement Grants for 1947-48;

2) sanction of a loan of Rs. 48,145 to the said Municipality to meet its share of the cost, the same being repayable in 20 annual instalments and carrying interest at 4 % per annum.

The proposals are agreed to by the Minister for Local Self Government and the papers having been ordered to be disposed of by circulation, this note is circulated.

Subject:- Drainage Scheme for Holenarsipur Town.

As there was urgent need for having a drainage system in Holenarasipur Town, an estimate was got prepared by the Bureau of Sanitary Engineering, which was corrected to Rs 96,290 by the Chief Engineer for Roads and Buildings. The estimate was considered by the Municipal Council who have agreed to meet half the cost thereof and have requested the Government to meet the other half from out of the Town Improvement Grants. They have also asked for a loan to meet their share of the cost, repayable in 10 annual instalments at Rs 5,000/- each. The Municipal Council expect to repay the loan out of the increased income anticipated under (1) Revision of Tax on Buildings and land (Rs 5,000), (2) Revision of Shop Tax (Rs 1,000), (3) Octroi and Toll (Rs 5,000) and (4) Miscellaneous Taxes such as license fee under dangerous and offensive trades (Rs 6,000) amounting in all to Rs 17,000 per year. The Deputy Commissioner, Hassan District has stated that as the increased income of Rs 5,000/- expected under "Revision of tax on buildings and lands" has already been taken into account while framing the budget of the said Municipality for the year 1947-48, the net increase anticipated will be Rs 12,000/- and that the Municipality will be able to repay the loan. He has further suggested that, as the Municipality has to provide funds for other town improvement works, the loan may be made repayable in 20 annual instalments. The Financial Secretary who was consulted is agreeable to the grant of the loan asked for.

The Points for consideration and orders are:

1) sanction to the estimate for Rs 96,290 for the drainage scheme for the Holenarasipur Town Municipality, the cost being met by the Govern-

Government and the Municipality in equal proportions i.e., Rs 48,145 each, the Government share of the expenditure being met out of the Town Improvement Grants for 1947-48;

Sub:- Drainage scheme to Holenarasipur town

====

In continuation of this office letter No 9327 dated 1-5-1947, I have the honour to forward herewith, for favour of communicating administrative sanction of Government, an estimate amounting to Rs 96,290/- for the comprehensive drainage scheme to Holenarasipur town received from the Sanitary Engineer and scrutinised in this office, together with the certificate of scrutiny by the Auditor, P.W.Department, Bangalore. A detailed estimate amounting to Rs. 19,470/- for the first stage of drainage works included in the comprehensive drainage scheme for the town is also enclosed.

2 The report accompanying the estimate explains the necessity for the work and the provisions made therein

3 The abstract estimate of the comprehensive drainage scheme is countersigned by the President, Town Municipal Council Holenarasipur, for Rs 97,750/- and the estimate amount as scrutinised in this office now reduces itself to Rs 96,290/-

4 The work can be taken up during the year 1947-48 after obtaining technical sanction of Government, in the Public Works Department and after necessary grant is allotted out of the Town Improvement grants

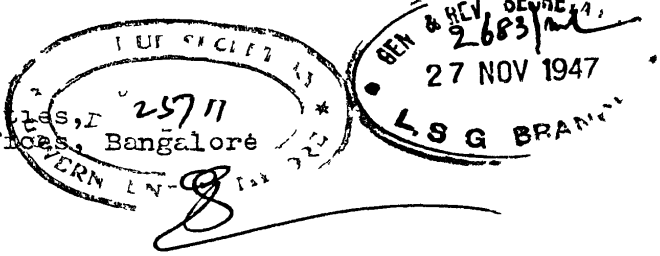
President

Town Municipal Council
Holenarsipur, 12nd Nov. 47

To

R Chennigaramaiah, Esq ,
M i n i s t e r,
Town Municipalities, Public Offices, Bangalore



Esteemed Sir,

With the dawn of freedom in the Country and the formation of an Interim Ministry, it is universally felt to the satisfaction of all concerned, that a NEW ERA of Happiness and Prosperity has ushered into this land of glory With hopes of having our difficulties realised and the demands met by the new Ministry, I have emboldened myself, on behalf of the Municipal Council, to place our case before your goodself, requesting you to kindly consider the urgency of the matter and help us thus alleviating the distress of the poor and the needy and ameliorating the conditions of the suffering, who have been periodical victims to Malaria and other epidemic diseases for want of a proper drainage system which question has remained unsolved for over 10 years on account of the slender resources of the Municipality

An estimate for Rs 96,290/- for the construction of Drainage at Holenarsipur, has been prepared by the Government and the Council at its meeting held on 31-8-47, has passed a resolution thus " — Resolved that out of Rs 96,290/-, estimated for the construction of Drainage at Holenarsipur, the Council requests the benign Govt to bear half the cost and that the other half will be met by the Municipality. it further resolves that the sum to be borne by the Municipality be kindly granted by the Govt to the Municipality as a loan, which will be repaid at Rs 5000/- a year, and that this sum of Rs 5000/- is anticipated as an increase in the Revenue of the Municipality by way of reassessment, sale of sites, increase in Octroi etc that it further resolves that the Government be pleased to consider the urgency of the scheme for preventing the prevailing and periodical Epedemic diseases in the Town"

This resolution has been sent to the Deputy Commissioner

Hassan, on 6-9-47, requesting him to recommend the case of the Municipality to the Government for consideration

The entire Town has been suffering insurmountable difficulty and any amount of repairs to the existing drains would not remedy the ailment unless the proper system is brought into operation The question of cost, though exhorbitant, has to be to set aside while taking into consideration the importance of saving human lives It is nodoubt unfortunate that the Municipality has not been able to pay its quota at once but there will be no difficulty to discharge the loan, in annual instalments with the increase of revenue It may be kindly noticed that the Municipality has discharged a loan of nearly Rs 26,000/- out of Rs 40,000/- granted by the Govt before for getting water supply to the town The question of drainage, thought of in the year 1936, has undergone several stages of correspondence and to the ill-luck of this Town it fell through Now it is felt that the time has approached for the Council and the people of the Town to realise this dream and we approach you, with this appeal to kindly consider the immediate need to sanction this scheme

We, On behalf of the Council, I assure you that the loan inrespect of the quota of the Municipality, would be promplty paid and the entire Town looks to you as an excellent Samaritan to solve this difficulty and save the people from chaos and suffering

Thanking you for kind and immediate attention,

I remain, ~~Respectfully yours~~,
Your obedient servant
G P Subbaswamy

Sir,

Subject - Drainage Scheme in Holenarasipur Town

With reference to your letter No L 11444 dated 3-12-47 forwarding the representation received from the Municipal President of Holenarasipur regarding the drainage scheme in Holenarasipur Town and calling for the records, I have the honour to state that the Town Municipal Council have resolved at their meeting held on 31-8-47 to obtain a loan from Government equal to half the estimated cost of Rs 96,290/- and to request Government to bear the remaining cost viz, Rs 48,145/- They have proposed to repay this loan in annual instalments of Rs 5,000/- anticipating some increased income by revision of assessment, sale of sites and increase of octroi etc, The records were received from the president on 15-11-47 and details were not furnished in his letter regarding the amount of increased income anticipated by the - revision of assessment etc, and the balance of previous loan - remaining undischarged Without these particulars it cannot be made out whether the Municipality will be in a position to repay the loan amount promptly as agreed to by them The records have therefore been sent to the Municipal President for furnishing details about the financial conditon of the Municipality On receipt of his reply, the records will be submitted to Government for orders The representation received with your letter is herewith returned

I have the honour to be,
Sir,
Your most obedient servant,

Revenue Department, Bangalore

Sir,

Re the construction of drainage in Holenarsipur Town Municipality

---

With reference to your letter No L 1621 dated 26-7-47 calling for the opinion of Holenarsipur Municipal Council in the matter of financing the drainage scheme, I have the honor to state as follows -

The total cost of the scheme is estimated at Rs 26,200/- The Municipal Council who considered this question have agreed in their resolution dated 31-8-47 to meet half the cost of the estimate and resolved to request Govt to meet the remaining cost out of Town Improvement grant They have further proposed to obtain a loan equal to half of the estimated cost from Govt, subject to repayment in annual instalments of Rs 5000/- According to this proposal, the loan will be discharged in 10 years

Kles Pr 3-1-48

At present the Municipal Council have raised two loans viz, one of Rs 40,000/- relating to water supply scheme and the other of Rs 15,488-8-8 relating to arrears of water maintenance charges and they have to pay a sum of Rs 10,866/- and 13,373/- towards these two loans Necessary provision has been made in the budget of the current year on this account the amount of instalment being 5,760/- According to the sanctioned budget for the current year the normal receipts and expenditure is 64,387/- and Rs 47,740/- respectively and after providing for the repayment of the loan instalments the closing balance is anticipated to be Rs 10,012/- The Municipal Council has no other large investments to lean upon for any extraordinary expenditure

The Municipal Council expects to repay the new loan out of the increased income anticipated under the following items -

Nature of item	Present demand	Demand anticipated	Increase
Revision of tax on buildings and lands	8600/-	13,600/-	5000/-
Revision of shop tax	800/-	1,800/-	1000/-
Octroi and daily toll	17000/-	22,000/-	5000/-
Miscellaneous tax such as license fee under dangerous and offensive trades	9500/-	15,500/-	6000/-
		Total	17000/-

The Municipal President has stated that the Council have imposed taxes on certain new items viz, iron, steel, cement, metals, butter, coffee etc and that a large sum is expected to be realised The revision of house and land tax is half done since the Assessing Officer as transferred elsewhere and it has to be completed after the posting of a new Assessing Officer to this District As regards the increased income of Rs 5000/- by the revision of house and land tax it has to be stated that a sum of Rs 15,000/- has already been provided in the sanctioned budget under this item and therefore no increased income can be expected further Excluding this item the total amount expected to be realised as a recurring income will be Rs 12,000/- and the Municipality will be able to repay the new loan amount As the Municipality has also to provide for other Town Improvement works the loan may be made repayable in 20 instalments

As the Municipal Council is urging for the construction of drainage immediately I request that sanction of Government may kindly be obtained to the proposal of the Municipal Council and to the estimate for Rs 26,200/-

A copy of resolution of the Municipal Council and the estimates & plans are enclosed.

I have the hon r to be,
Sir,
Your most obd ient servant,

Deputy Commissioner,
Hassan District.

Proceedings of the Government of His Highness the Maharaja of Mysore

Read— Correspondence ending with letter no MB R C 1928/46-47 dt 29 12 1947 from the Dy Comm, Hassan dt, re the construction of a drainage scheme for Hole Narasipur town

Order no
L 16032-5 / 21 4 48

~~Order thereon—No~~ As there was an urgent need for having a drainage system in Hole-Narasipur Town, an estimate was got prepared by the Bureau of Sanitary Engineering and it has been corrected to Rs 96,290 by the Chief Engineer for Roads and Buildings the

estimate was considered by the
Holenarachchi ML
Dasanayake who have agreed to meet
half the cost thereof and have requested
the Govt to meet the other half from
out of the Town Improvement Grants
They have also requested for a
loan to meet their share of the cost,
repayable in ten annual instalments
at Rs 5000/- each. The Dy Commr,
Kegalle, while stating that the
Mlp would be able to repay the loan,
has suggested that, as the Municipality
has to provide funds for the other
town improvement works, the loan
may be made repayable in twenty
annual instalments. Govt agree
with the proposals of the Dy Commr, referred to above
and are accordingly pleased to sanction
(1) the estimate for Rs 96,290/- (Ninety-Six Thousand, two hundred & ninety) for the Drainage
scheme, the cost being met Copied by
by the Govt & the Mlp in equal proportions, Examined by
i.e., Rs 48,145 each, the Govt share of the expenditure
being met out of the Town Improvement
Grants for 1947-48 & (2) a loan

List of Enclosures

of Rs 48,145/- to the said mcp
to meet its share of the cost, the same
being repayable in twenty
annual instalments carrying
interest at 4 per cent per annum

The Dy Commr, Hassan & the Chief Engineer for Roads & Buildings are requested to take necessary further action in the matter
